Why us?

We are a family-run business and over our 30 years in business we have developed a strong reputation for customer satisfaction and top quality service, recently winning North West Family Business of the Year 2023 in our category.

We are a CHAS, ISO 9001 and ISO 14001 certified business, and a proud Real Living Wage employer.

We pride ourselves on our service – this is what sets us apart from our competitors. We will do everything we can to meet the expectations we have of ourselves, and those that you set us.

Frequently asked questions

How often are the toilets serviced?

The current British Standard BS6465-1:2006 states that 1 toilet should be provided for every 7 workers where once a week servicing is provided. As such, Challenger Site Services has an exemplary history in ensuring that each site is visited once a week.

How are the toilets serviced?

Site toilets are serviced using our custom-built service vehicles. The vehicles carry equipment needed to empty, replenish, clean and re-stock the toilet. Vehicles need to be able to park no more than 10 meters away from the toilet to complete a full service.

How many portable toilets do I need for my site?

The current British Standard BS6465-1:2006 states that 1 toilet, serviced weekly, should be provided for every 7 workers.

What size are the toilets?

Dimensions	
Height	2286mm
Width	1118mm
Depth	1219mm
Dry weight	105kg

How much does it cost to hire a portable toilet?

Please contact our friendly team to discuss pricing options on 0161 344 2581 or at customercare@challengernw.co.uk.

How soon can you deliver to my site?

We aim to operate a next day delivery service but can often accommodate same day deliveries too. Please contact us for the latest availability.

What happens to the waste?

We remove the waste on a weekly basis and return it to our depot, where we have a paid consent from United Utilities to discharge it into the public sewer.

What access is required for delivery?

Toilets are delivered using 3.5 tonnes delivery vehicles. They are loaded / unloaded using a tail lift – no Hiab is required.

Can you provide waste transfer notes?

Yes, a waste transfer note including a photo of the service taking place is automatically generated after each service. These can be emailed automatically if required.
